The Court held an informal status conference as to the unopposed Motion to Continue Trial; The defendant has obtained a final date for a psychosexual evaluation scheduled for 7/2-3, 2013; The current trial setting would not allow sufficient time for completion of said evaluation; Motion granted; The Trial was continued to August 5, 2013; the plea agreement deadline was set for 7/31/2013; since Judge Skavdahl will be sitting on the bench in New Mexico, the change of plea will likely be conducted by one of the other Judges in Cheyenne; the Court will sign the proposed order that sufficiently covers the ends of justice findings.
